- 12 Strain **GPS** Probiotic™ Blend (**G**astrointestinal **P**robiotic **S**trains)
- Delayed Release Capsule
- Potency Guaranteed Until Expiration
- Naturally Gluten & Dairy Free

Maximum-Strength Daily Probiotic

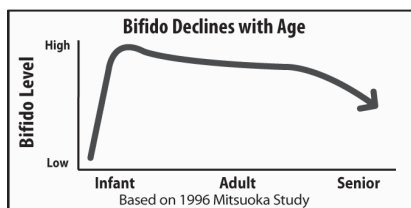

Vibrant health depends on properly balanced gastrointestinal flora. Many factors, such as age, diet, antibiotic use, stress and lifestyle can upset this balance. Most other probiotics do not fully meet patients' needs for potency or beneficial strains to promote healthy digestion. Ultimate FloraMax Advanced Care 100 Billion is a maximum-strength probiotic that can stand up to the challenge required for today's patients and their digestive and immune support needs.*

Ultimate FloraMax Advanced Care 100 Billion is formulated with our proprietary blend of unique **GPS Probiotics** (Gastrointestinal Probiotic Strains) that naturally occur in the human intestinal tract, helping to support healthy digestion, immune functions, and regularity.*

- **Bifido GPS probiotic strains:** Support a healthy large intestine where elimination occurs.*
- **Lacto GPS probiotic strains:** Target the small intestine where nutrient absorption and healthy digestion occur.*

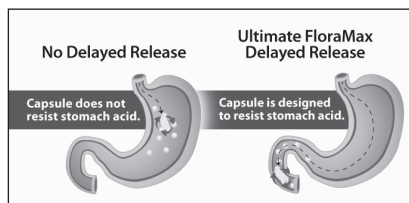

High-Bifido for Optimum Benefits

Many probiotic supplements are formulated to contain predominantly Lactobacilli. Yet Bifidobacteria are the most prevalent probiotic in a healthy colon. Bifidobacteria ferment dietary fiber and produce byproducts such as B vitamins that promote the health of the entire body. With age, our level of Bifidobacteria declines. Ultimate FloraMax Advanced Care 100 Billion provides a higher ratio of Bifido to Lacto (more similar to the ratio found in the human digestive tract).

Delayed Release Capsules

Ultimate FloraMax vegetable capsules are designed to resist stomach acid more than standard capsules and help deliver more live probiotics directly to the intestines.

Ultimate FloraMax Advanced Care 100 Billion was formulated by Brenda Watson, C.N.C., president of Advanced Naturals and founder of natural healthcare clinics specializing in digestive care.

Supplement Facts
